

NATURE INSPIRED ART

Take a ride on Jackson's own Magic School Bus.

Ride the BUS, visit destinations around the valley to play in nature and learn exciting facts from a Teton Science Schools naturalist.

Return to the Art Association where you will create wild art pieces inspired by your nature adventure.

Creative play in nature and art will be emphasized.

Classes cost \$20 per parent/child pair and are offered to 1st - 5th graders.

Willows and Water - September 22nd: Fish, frogs, willows, water and mud pies. How do all these relate? Get your feet wet and your fingers muddy making mud pies and land art on site. Discover native water creatures of Jackson Hole. Build creature habitats with collected materials.

Predators, Habitats and Hibernation - September 29th: Learn about some of our big predators, where they live and hunt, what they do in the winter and why. What does your animal spirit look like? Collect sticks and natural materials to create an animal face on your spirit. Get really wild!

Migration Miracle - October 13th: Talk about amazing animal migrations, including some found right in Jackson Hole. Create your own amazing animals and take turns telling stories about your creation.

Meet: Art Association Lobby. Bus departs at 9:30 am.

Return to the Art Association around 10:45 for art making until 12:00.

Call The Art Association to register today. 307-733-6379.

Space is limited, so sign up early!
