Teton Science Schools Notebook Computer Requirements

Microsoft Windows© based computers:

Minimum Operating system: Windows XP or
Windows 7

Wireless Access: 802.11b/g

Software: Microsoft Office Home and Student Edition

Apple Macintosh based computers:

Minimum Operating System: OS X 10.4

Wireless Access: 802.11b/g

Software: Microsoft Office 2004 or higher

Notes:

- Other academic software may be installed on the laptop at school as might be required for specific classes.
 - A maintenance contract to extend the warranty on the laptop should be considered.
 - AntiVirus software is required and should be configured to automatically update new virus definition files.
 - Use of laptops on the TSS Network is subject to the terms of the TSS Internet Use policy.

Where to Buy:

TSS does not recommend or endorse any particular brand or model of notebook computer. As long as they meet the requirements above computers can be obtained either locally at retail stores or via web sites over the internet.

Local Suppliers include:

- **CompuNet**, 500 S Highway 89, 732-0900
- **Online Computers**, 745 W Broadway, 733-9500
- **Radio Shack**, 820 W Broadway, 734-8801
 - **Staples**, 520 E Broadway, 734-6148
